

nexIncoming

by nexMatrix™

nexIncoming from nexMatrix is ideal for most companies that have higher volumes of incoming calls including companies that rely on dedicated long distance circuits since it eliminates the local loop and reducing per minute costs. nexIncoming service delivers unlimited inbound (4,000 minutes) calls, toll free service and long distance on a network designed and built by a team of industry experts. nexIncoming from nexMatrix delivers a significant cost savings when compared to traditional communications systems with separate phone and data connections when deployed with an IP PBX or a legacy CPE.

Standard Features

- Discounted long distance calling within the United States and (excluding Alaska) Puerto Rico, Virgin Islands and Canada
- Discounted toll-free with one toll-free number
- 4,000 minutes incoming per line. You'll only need to add lines as needed.
- Codecs: G.711 and G.729A

Available Options

- Port or add new toll-free numbers
- Share SIP trunks across multiple locations to get a greater economy of scale
- Dynamic load balancing across multiple locations bandwidth
- Business continuity

Add outbound Long Distance

Long Distance provides your organization the flexibility to pay as you go with unlimited calls in and out from your business.

Minutes	1 Year Cost/Min./mo.)	2 Year Cost/Min./mo.)	3 Year Cost/Min./mo.)
