

# nexMetered

by nexMatrix

nexMetered from nexMatrix is ideal for most companies including call centers and companies that rely on dedicated long distance circuits since it eliminates the local loop and reducing per minute costs. nexMetered service delivers unlimited concurrent calls, toll free service and long distance on a network designed and built by a team of industry experts. nexMetered from nexMatrix delivers a significant cost savings when compared to traditional communications systems with separate phone and data connections when deployed with an IP PBX or a legacy CPE.

## Standard Features

- Discounted long distance calling within the United States and (excluding Alaska), Puerto Rico, US Virgin Islands and Canada
- Discounted toll-free with one toll-free number
- Unlimited concurrent call sessions (limited only by available locations and bandwidth)
- Codecs: G.711 and G.729A

## Available Options

- Port or add new toll-free numbers
- Share SIP trunks across multiple locations to get a greater economy of scale
- Dynamic load balancing across multiple locations bandwidth
- Business continuity

## Add outbound Long Distance

Long Distance provides your organization the flexibility to pay as you go with unlimited calls in and out from your business.
